NUMBER 236

BOYCE BOLTS G. O. P. TICKET TO OPPOSE THE OLD BOARD

At a Meeting Held Last Night McCracken and Boyce Were Selected to Lead Independents.

BATTLE WARMS UP

An independent ticket for County Commissioners bearing the names of John Boyce, Republican, and Blake W. McCracken, Democrat, was named at a meeting in Clearfield last evening, attended by some twelve or fifteen citizens with endorsement by word of mouth or letter from many other sections.

Those interested in the movement authorize the following statement of the action as a matter of news:—

Now that the noise and smoke of the primary election battle has blown away and the votes of the people have been tabulated it is found that despite the accusation broadcasted over the county that the "old board" or present Board of County Commissioners was incompetent and worthless, all three of the members thereof have again been nominated and are presented to the people on the Republican and Democratic tickets as the candidates for this important office this year.

An examination into the election returns shows that Jesse E. Dale leads the list of Republican nominees with 2692 votes, while T. E. Weimer is second with 2353 and John Boyce third with 1942 votes. Of these totals at least 50 per cent or possibly a little more than that were received by Messrs. Dale and Weimer were given them in the city of DuBois alone and that outside of the DuBois district a single other district in the county or at best not over one or two. That they are minority nominees in that neither Dale nor Weimer received but 1 of every 4 Republican votes and their majority was in the city of DuBois.

What is true of the Republican nominees can also well be said of M. L. Farrell, the minority member of the present board, who, although he ran second in a field of seven candidates and 102 votes ahead of Bowman, his nearest competitor, is also very much of a minority nominee and received but about one out of every four Democratic votes.

There has been a great deal of dissatisfaction expressed since the primary result was known and this protest resulted in a meeting being called for last evening which was attended by the following citizens:—

John Boyce, William McKee, William Thompson, William T. D. House, Samuel R. Hamilton, Joseph E. Phillips, John H. Patchin, J. Fred Hastings, Charles B. Shugarts, Alfred Turry, John Swartzale, and J. D. Connelly, of Clearfield; John G. Mains, A. P. Lansberry and Thomas Arvin, of Bradford township. At this meeting the situation was discussed at length and it was the consensus of opinion that the voters of the county should have an opportunity to "clean house" at the Commissioners' office by the naming of an independent ticket for the office of County Commissioners.

After considerable discussion it was decided that inasmuch as John Boyce, of Clearfield, had been third high man in the Republican ticket at the primary, he should be chosen to represent the Republicans opposed to the old board, while Blake W. McCracken, high man on the Democratic ticket,

SCHOOL CHILDREN

Tomorrow is your day at the Fair but in order to be admitted free you must go with your schoolmates, under the charge of your teacher. Tell dad and mother you must go to school tomorrow and march over with the rest of the kids. Every precaution will be taken to insure the safety of the marchers. Be sure to go with your room or you will have to pay admission.

CLOTHING WANTED

The Salvation Army of Clearfield will collect clothing for Japanese relief. Anyone having clothes of any kind that can be discarded will do well to phone Captain L. E. Watson on the Bell or drop a postcard to P. O. Box 404 and it will be called for. Clothes of any kind will be appreciated.

FAIR EXHIBITS ARE PROGRESS MARKERS IN COUNTY FARMING

The Clearfield County Fair for the season of 1923 opened its gates today and will continue all day and evening every day until Friday evening.

A banner first day crowd was present and all were pleased with the entertainment provided. The exhibits are away beyond that of last year and demonstrate better than words can tell the vast progress made in Clearfield county agriculture and stock raising the past few years.

The traffic and police arrangements at the Park are fine and a visit to the fair will well repay anyone.

Tomorrow is public school day and all the public school children of the county who present themselves will be admitted free.

Local public and parochial school children expecting to attend the fair tomorrow are requested and expected to go to their respective school houses where they will be lined up and marched by their teachers to Weaver street and thence into the Park.

State's Evidence In Ward Case Is All In; Motion For New Trial Refused

White Plains, N. Y., Sept. 25.—The state rested its case against Walter Ward, millionaire baker's son, charged with the murder of Clarence Peters, an obscure marine, eight minutes after court convened today.

The presiding judge announced that he was prepared to hear argument on a new motion by Ward's attorneys for dismissal of the first degree murder indictment.

White Plains, N. Y., Sept. 25.—Motion for the dismissal of the first degree murder charge against Walter S. Ward, alleged to have slain Clarence Peters, was denied today by Justice Robert F. Wagner.

The motion was made when the state rested its case shortly after court convened today.

et, was the expressed choice of the Democrats opposed to the "old board" and had rightfully earned a place on the independent ticket, the purpose of which is to give the people of the county the opportunity to express at the election the dissatisfaction with the conduct of the county's business they so clearly showed at the polls on primary day.

A resolution was then offered and unanimously adopted declaring Messrs. Boyce and McCracken the independent candidates for County Commissioner and a committee was named to prepare and circulate petitions to have their names placed upon the ballot for the November election.

It was also decided to call a county-wide meeting for Clearfield to be held Tuesday, October 2d, for the purpose of completing an organization of those favoring independent action toward remedying present conditions in the Commissioners' office. At this meeting a chairman, secretary and executive committee will be named to conduct the campaign for the election of Messrs. Boyce and McCracken.

Every voter in Clearfield county who feels that the "old board" of County Commissioners should give way to proved successful business men, in order that county affairs should be placed on a business basis for the coming four years is invited and urged to attend the meeting to be held in Clearfield on Tuesday next by those whose names appear here as the sponsors of the independent ticket.

Oklahoma's Legislature Under Guard

Guards with fixed bayonets stand at the doors of Oklahoma's senate chamber at the State Capitol, Oklahoma City, to prevent a meeting of the legislature which threatens Governor Wilton with impeachment.

Civil War May Come Tomorrow In Oklahoma. Governor Gives Orders To Men To Shoot To Kill

Gov. Walton Establishes Newspaper to Acquaint Citizens with Evidence Secured Against Klan.

SITUATION TENSE

Oklahoma City, Okla., Sept. 25.—Members of the Oklahoma Legislature, leading the movement to start impeachment proceedings against Governor J. C. Walton, held steadfast today to their determination to meet Wednesday noon despite the executive's orders to troops to "shoot to kill" if necessary to prevent the session.

The governor issued instructions to Adjutant General B. H. Markham to stop the Legislature from meeting "at any time and any place in Oklahoma," and use all the military force needed to carry out the order.

At the same time Governor Walton commanded all citizen soldiers in the state between the ages of 21 and 45 to hold themselves in readiness for service in the open warfare between the visible government and the "invisible empire."

"At least 70 members of the legislature will be here tomorrow and we will make every effort to meet peacefully," said W. B. McBee, chief agitator for impeachment of the governor.

Oklahoma City, Okla., Sept. 25.—"The Record," official organ established by Governor J. C. Walton to publish news of his fight with the Ku Klux Klan, appeared here today. Aldrich Blake, executive counselor to the governor, is editor.

The first edition, a four-page, seven-column folder, will be scattered broadcast throughout the state. It carries extracts from testimony obtained by the military investigating commission.

John E. Mulrooney, N. Y. C. trainmaster, is in Buffalo this week on business.

Miss Marjorie Mulrooney, who has been visiting relatives in Lockport, N. Y., for the past six months will return home Thursday.

Mrs. John R. Gearhart and daughter have returned from a two week's stay at Clifton Springs, New York. The many friends of R. R. Canfield will be sorry to hear he is confined to his home by illness.

Her Resemblance to A Millionaire

Inspired Nurse Copley with the idea of Stope Ranger's abduction. It promised fortune, for Loring Ranger, Stope's father, had vast wealth and it was certain he would pay anything to save his beautiful daughter. Nurse Copley broached her scheme to the "Combine"—super-criminals, of untold underworld power and resources. The "Combine" adopted it readily. It succeeded with ridiculous ease, for the "Combine's" members were adepts at such work. Then came jealousy. Nurse Copley was not proof against it. It upsets many a plan, even as cleverly laid as the "Combine's."

"SWALLOWED UP"

by Mrs. Wilson Woodrow

tells the story. Mrs. Woodrow? Writer for such magazines as Harper's, Munsey's, McClure's, Ainslie's, The Cosmopolitan, The Metropolitan, The American, The Smart Set—all the best of them. Few fiction authors of today enjoy such widespread, well-deserved popularity.

"SWALLOWED UP" STARTS SERIALLY IN THIS PAPER SEPTEMBER 27

ATTEND THE PUBLIC MEETING ON A NEW LIBRARY THIS EVE.

The matter of a public library for Clearfield will be discussed at a meeting of everybody interested in the project at a meeting to be held at the Arbitration Room of the Court House this evening at 7:30 o'clock.

The committee in charge of the library proposition is made up of representatives of the Woman's Club, Rotary and Commercial Clubs and other civic and fraternal organizations.

The idea is, if present plans work out, to submit the matter of a local tax for public library purposes to the voters at the coming November election and the necessary steps in that direction will be taken at the meeting tonight.

If you are interested in a public library for Clearfield attend tonight's meeting.

SUGAR PRICES ARE AGAIN ON THE RISE; NEW HIGH ON CUBAN

New York, Sept. 25.—Sugar prices are rising again. Cuban raw sugar was bought today at 5 1/2c, a new high on the current upward movement. The undertone on the market is strong with several other lots under negotiations. Today's quotations bring the price back to within one cent of the 1923 peak.

Arbuckle Bros. advanced the price of sugar 15 points to 8.90 cents a pound. E. Atkins & Company quoted refined sugar firm at 9.15.

DUBOIS MAN PAROLED

Arthur Ross, of DuBois, doing time on a liquor law violation charge, was paroled until the first Monday of December by Judge Bell on Monday last on account of the illness of his wife.

BRITISH MINE FLOODED

London, Sept. 25.—The Redding coal mine was flooded suddenly at 5:00 a. m. today and it is feared at least 70 men have been drowned or suffocated, a dispatch from Falkirk stated.

BUSINESS MEN MEET HERE TODAY TO GIVE BOOST TO NEW PROPOSED N. Y. C. TRUNK LINE VIA CLEARFIELD ROUTE

Every Community Situated Between Oil City and Williamsport Is Represented at Meet by Large Delegations; The Meeting Began Promptly at 2:30 With Powell Presiding.

WILL ENDORSE THE N. Y. C. PROPOSAL

IMPORTANT

In order that the humble newspaper man might take in the big day at the Fair on Thursday, the edition of The Progress for that day will be published Wednesday night and issued Thursday morning early.

Ad copy and news items for Thursday's issue must be in our hands by six o'clock Wednesday evening.

That the business men of this section of Pennsylvania are unitedly behind the New York Central Railroad Company in its move to show to the Interstate Commerce Commission that a "trunk line" across the country between New York and Chicago by the "Clearfield route" is no idle dream but a business and development proposition in keeping with the needs of the hour in the transportation and industrial world and would be a wonderful advantage to the section of Pennsylvania traversed by the proposed line, was evidenced today by the large number of hard-headed business men, familiar with this region and the necessities, who came to Clearfield to participate in the meeting at the Dimuling Hotel. This meeting, an aftermath of the recent Williamsport meeting, was called for the purpose of getting an expression from the people of the region traversed by the proposed trunk line, which expression when recorded at this meeting will be presented to the I. C. C. in support of the New York Central's efforts to have rescinded the tentative order already made by that body allowing to the B. & O. railroad the right-of-way & Reading and Central Railroad New Jersey, upon which route the N. Y. C. has long had building rights and hopes to continue as a necessary and constituent part of the proposed "fifth trunk line."

Events March To Peace In Europe; Germany Is Surrendering Everything

Berlin, Sept. 25.—The German premier in his conference with Chancellor Stresemann today fully approved decision of the government to abandon passive resistance in the Ruhr without condition.

Approval by the premier followed that of the Rhine and Ruhr Organization, given at their conference with the chancellor yesterday.

It was interpreted as the final step before Stresemann's public announcement, which will be Germany's acknowledgment to the world that she has lost the "war after the war," and virtually throws herself on the mercy of the allies.

According to the latest information, it has not yet been decided definitely in what form the Chancellor's public announcement will be made, but information obtained by the United Press indicated it probably will be a brief document stating the decision to abandon resistance without conditions and expressing hope that the allies will concede leniency.

BOY KNOCKED DOWN BY AUTOMOBILE

Meyer Pollack, the five year old son of Mr. and Mrs. L. W. Pollack of Market street, had a narrow escape from serious injury last evening when he was struck and knocked down by an automobile driven by John Baker of Woodland.

The accident occurred on Third street near Locust. Mr. Baker was driving down Third street about 8:30 o'clock and as he approached Third street a string of four cars, close together, was coming up the street. He was well over toward the right hand curb and as the first car neared him the Pollack lad and another little boy ran off the side walk directly in front of Mr. Baker's car and so close that it was simply impossible to avoid striking him.

The boy was knocked down and the car ran onto him. Mr. Baker, who is a very careful driver, stopped his car almost at the instant it struck the boy and the little fellow surprised the onlookers by crawling out from under the machine unhurt.

Mr. Baker was in town this morning and called at the Pollack home to see about the boy and was overjoyed to find him none the worse for his experience although he had a narrow escape.

IT CAN BE DONE

Ten of Clearfield's young people gathered together last evening to prove that classes can mix. They were from St. Francis, and represented Freshman, Sophomore, and Junior classes. The manner of proof was a house to house party, which proved a great success. The party began on the West Side, thence to Ogden avenue and ended with a grand flourish in the center of town. Each course was served steaming hot and was quickly disposed of.

Having classes on the morrow they parted at eleven. St. Francis isn't so slow either.

LOCAL GOLFER GAVE TOPNOTCHERS A RUN

George Griffin, the professional golf coach at the Clearfield-Curryville Country Club, was one of the entrants in the Professional Golfers' Association championship at Pelham Manor, N. Y., this week. In the draw for opponents Griffin drew Walter Hagen, one of the top-notchers at the game. The Philadelphia Public Ledger carries the following story of the battle between Hagen and Griffin:—

"Walter Hagen found a stiffer in George Griffin, of Clearfield, Pa., but managed by some of his superior golf stymies on the first 18, but Griffin held on even terms. On the twelfth hole in the afternoon round occurred one of golf's queerest shots. Hagen's approach rolled very close to the hole. Griffin was on the edge of the green on his second and his long putt bumped Hagen's ball smack into the cup, giving the New Yorker a birds 3 and the hole.

A Weird One. Griffin made another queer shot on the eighteenth in getting around a stymie. Hagen's ball is only a short kick from the cup and was a perfect stymie. Griffin, eight feet away, putt and his ball, as if mesmerized, rolled to within an inch of Hagen's, jerked around it and sank for a hole."

FELL FROM TREE

Ward Bloom, a 10 year old Faunce lad, fell from a tree, a distance of 25 feet, while playing about the school grounds and received serious injuries and was brought to the Clearfield Hospital for treatment yesterday by Dr. Erhard, of Curryville.

ODDS AND ENDS AND THINGS

By J. D. C.

The fall forest fire season is already near at hand, thanks to the long continued drouth and it is up to every person who goes into the woods on any pretext to use extreme caution in the use of fire in or near woods land. The twelve thousand hunters who annually go into the game covers of the county on hunting expeditions should constitute themselves into as many fire wardens or forest fire fighters. They are or should be as much interested in keeping fire out of the forests as the owners of the land themselves, because "when a forest burns everybody loses."

The dissatisfaction over the County Commissioner nominations has resulted in the forming of an independent ticket for that office, friends of the movement alleging, and pointing to the figures to prove it, that but one out of four voters coming out to the polls last Tuesday voted to retain the "old board."

The Judgeship battle in Clearfield county this fall bids fair to be as hot as its predecessors. J. Frank Snyder, the Democratic candidate, also

won the Prohibition and Socialist nominations. His Republican opponent A. R. Chase, Esq., has a majority, according to registration figures of 7,000 votes, and the scrap will be well worth watching. She's on now. Giddap.

There are more bootleggers in Clearfield and vicinity today than at any previous time since the prohibitory law became effective. Old John sure is a "die hard."

CAPT. KENNETH FARNIE LEADS CLEARFIELD HIGH SCHOOL GRID WARRIORS FOR 1923

Barnie's wealth of fighting ability on the 1922 team gained the respect of his teammates, and he was therefore the unanimous choice for captaincy. Clearfield High's football machine under Coach Reed has by its systematic practice periods developed into a well balanced and well trained squad. With the two more remaining practice sessions, the kinks will be properly straitened and the picked eleven will start the first game Saturday in the finest form. The varsity has been hard at work on the dummy and bucking machine. Many new plays are also being added daily to the present list. Several of the more promising second team men have been moved up to the varsity to be under Coach Reed's watchful eye. Coach Steele has the second and third teams striking a hard pace to gain available material to oppose the varsity in scrimmage. The season ticket campaign is coming fine and a nice sum should be realized through the sale of season tickets.

KEPHART-RABINE

At the Presbyterian Manse Tuesday morning a very pretty wedding was solemnized by Dr. Reeve, pastor of the Presbyterian church. Mr. Louis Kephart of Madera, and Miss Ida Rabine were made husband and wife. They were attended by Mr. and Mrs. Daughn E. Clarke, of Clearfield. Mr. Kephart is a carpenter and is contemplating moving to Clearfield to take up his work here, and make Clearfield their future home. We wish them every happiness and hope they may cast their lot with us in Clearfield.

LOOK OVER THE KIDDIES AND SEE THE HUSKY ONES BROUGHT UP ON OUR MILK

The ones brought up on our milk from the time the natural milk fails, are marked by their rosy cheeks and their general air of good health.

Their little bodies have gotten nourishment that has been just what nature wanted and just what was required to make them strong and healthy. Their little minds, too, have had a food that has brought them up to a higher plane of mental health than kiddies brought up on ordinary milk.

Another thing, they have lost little health through sickness. The milk that has come to them has been pure and free from all disease germs.

Clearfield Dairy Co.

TO THE HIGHEST BIDDER—AT HIS OWN PRICE!

What are we offered? As an advertising proposition we will sell one only Estate Heatrola to the highest bidder, at the price offered by him. The bid must be in on Friday, September 28th at four o'clock, at our booth at the Fair.

If the bid is more than the retail price of the Heatrola, only the retail price will be charged.

If two or more persons submit the same bid a drawing will be held for the privilege of purchasing an Heatrola at this price.

Estate HEATROLA

The Estate Heatrola is an efficient warm air heating system for small homes.

It is as easy to install as an ordinary stove.

It looks like a handsome, grained mahogany, cabinet phonograph.

ASK FOR A BID BLANK AT OUR FAIR BOOTH IN EXPO HALL

Clearfield Hardware Company
125 Market Street

Don't Fail To Visit Our Most Wonderful Exhibit at the Fair

We will have many electrical appliances at our Booth, just inside the west door of Expo Hall, and here we will display the most modern electrical household appliances that the Modern Wizard of the Switch has produced.

Miss Frusch Will Demonstrate Westinghouse Electric Range

You have probably met Miss Frusch at our former demonstrations of this wonderful WESTINGHOUSE ELECTRIC RANGE. She will be here all four days to show you the easy way in which this Electric Range will do the cooking while you are relieved of the hundreds of hours over the ordinary stove. She will gladly tell present owners of Electric Ranges the new things which have been found out about this Range.

The Royal Electric Sweeper Man with his Sweeper will be Present

You remember him! The fellow with the Golden Crown that has been here for several Fairs. He will show you how the ROYAL will keep your rugs and carpets as clean as the day they came from the maker's looms. He will thoroughly demonstrate that the ROYAL is the greatest Suction Sweeper on the market today.

WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

Clear Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet and my husband did my housework. The doctor said an operation might be necessary. I read testimonials about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, and my washing and my sewing, which I think is remarkable, as I had not dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious."—Mrs. GEORGE W. BUNCHILL, Clear Falls, N. Y.

Free upon Request
Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

WEATHER SUPERSTITIONS

If you were brought up in the country you must have heard that when the moon was full the weather was sure to be cold, and that it was quite providential that this was so, since travelers in the night in the severest of winter weather would have the advantage of the extra light. But the weather wisecracks have been telling us for years there was nothing in this any more than in the theory that the winters were growing warmer.

Nevertheless, whenever it happens to be cold at the full moon people think of this old saying. But did you think of it the other night with the moon full and clear, and the weather nearly as sultry as summer?

Then there is the line storm. From time immemorial people have associated any storm that came within five days on either side of September 21st as due to the passing of the sun across the equator on its southward journey; but we have had this year no storm of any kind. The weather charts have always told us that the line storm was a myth. This year suggests that they may be right.

HALE TRUTHS ARE JUST WHOLE LIES

Soap Box Orators Do Not Go Far Enough with Statements and Leave Very Many False Impressions.

A soap boxer pointed at a great factory. "Who built that factory? Workmen," he yelled. "Who run the machines? Workmen! Who get the profits? Capitalists!"

The soap-boxer told a half truth that amounted to a whole lie. His listeners did not know that that particular factory, typical of thousands of others, was a complete refutation of the lie—if only the other half of the truth were told.

It is true the factory was capitalized—for a million dollars. The net profits gave annual dividends of 6 per cent, or \$60,000, to the stockholders. All that was true.

But it was also true that the million-dollar capital was divided up into 10,000 shares of \$100 each. The ownership of these shares was distributed among about 1,000 people. Several hundred of them were workmen in the factory. They were saving out of their weekly wages and buying shares on the installment

plan. They were capitalists.

It was likewise true that shares were also owned by workmen in other factories, by clerical workers and by small merchants. A good many were also owned by widows and orphans whose modest estates had been wisely invested for them by their bankers. They were capitalists.

It was also true that the factory corporation had issued a million dollars in bonds to raise funds to buy the material and pay the wages of workmen to build the factory. These bonds were owned as investments not only by persons of wealth, but also by many people of moderate means who had saved out of their wages and salaries. They were capitalists.

And it was also true that out of receipts of the factory, before a cent was taken to pay interest on the bonds, before a penny was used to pay dividends on the stock, a good many dollars were taken to pay wages to the workmen.

The workmen were capitalists, too. They were investing their strength and their talents and their skill in the factory—they were getting their dividends out of the earnings as well as the stockholders and bondholders.

Progress Editorial For Women

COURTESY AND HAPPINESS

By FLORENCE DAVIES

"Courtesy will prevent accidents," says a sign conspicuously displayed on the side of all the motor busses in a big city which has a serious traffic problem to solve.

At first glance one is inclined to think that the author of the slogan has been too optimistic; that he has exaggerated his point a bit too much. But think it over a little while and you begin to see that there's more to it than you believed at first.

"Courtesy will prevent accidents." It's quite a dogmatic statement; this author is positive in his assertion. So maybe it's worth trying.

Courtesy, according to the dictionary, is: "a favor or indulgence as distinguished from right; politeness, civility, urbanity; an act of civility or respect; an act of kindness or favor performed with politeness."

Doesn't it mean "giving the other fellow just a little the best of it?"

Well then courtesy WILL prevent accidents. If every motorist and every pedestrian will give the other fellow a shade of favor, if we yield just a trifle to the other instead of always standing on our rights, there would be fewer accidents, as accidents go in daily traffic in big cities.

And that has an application in our daily home life. Where for instance, do the big traffic problems come?

Not in the country with its wide spaces and clear roads, but in the city, where people are huddled together, where there isn't much room and everybody is bound to get in the other fellow's way all day long.

Now isn't that a good description of average family and home life, of our usual married life? And here, truly, is where "courtesy prevents accidents." A character in "Nobody Knows" a novel by Douglas Goldring.

hits the nail on the head. He says: "I just hate this new-fangled nonsense about married life being hell, and women being slaves, and all that. Of course, it's hell; and I'll tell you why. It's hell because of three things, which are common to both sexes—selfishness, ill temper and bad manners." There's the nub of the problem. What's the good of

if you can't be courteous as well as law-abiding? And what's the value of all these new fangled commandments for husbands and commandments for wives, of which we read so much in the daily papers nowadays, if a little common courtesy, a little favor, "a little indulgence, as distinguished from right," isn't made a part of your daily routine? Yes, courtesy will prevent accidents, on the road, and courtesy will prevent friction and hence unhappiness, in the home.

The Embargo Act

The embargo act was an act passed by the United States congress December 22, 1917, during Jefferson's second administration, dealing with few exceptions, all vessels—United States and foreign—then in United States ports, and on leaving all United States vessels home. Although the embargo was declared on account of the insults offered to the United States flag by British cruisers it was repealed in March, 1919, and was replaced by the neutrality act. It was repealed in March, 1919, and was replaced by the neutrality act. It was repealed in March, 1919, and was replaced by the neutrality act.

Brooklyn Bridge

Brooklyn bridge was begun January 1, 1876, and it took thirteen years and \$10,000,000 to build it. John A. Roebling designed it and though he died before its completion, through it his name as a bridge builder survives. The repairs and painting, and other expense of upkeep during its forty years on the job aggregate much more than the original cost. It is as sound today as it was forty years ago.

Bribing the Dentist

Robert had a baby tooth to extract and he walked bravely up to the chair to have it done, but just before the instrument he said, gravely: "I want to ask you something first. I brought my best marble shooter to give you if you don't make it hurt." You may be sure he got a careful extraction.

Trick With Letters

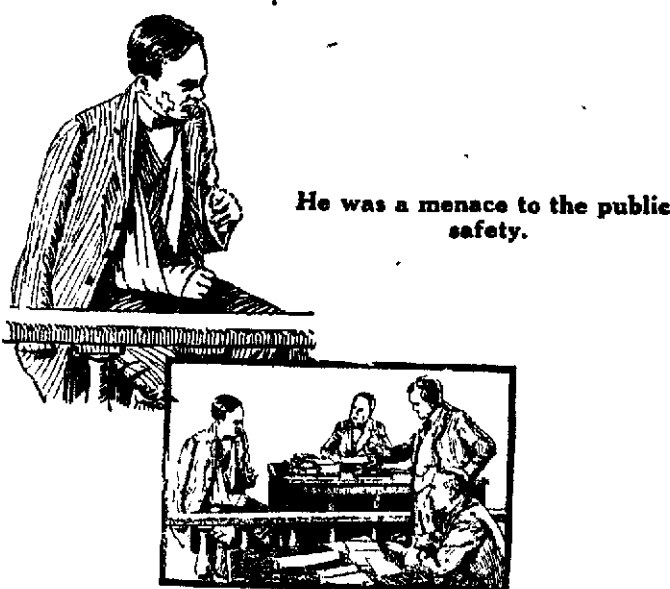

Here is a little catch spelling from the Post Office. Ask your friend if he can spell "reception" with only seven letters. The answer is "T-e-n-t-i-o-n," which is only seven letters, isn't it?

WELCOME FAIR VISITORS

You'll find a welcome here. We want you to take a few minutes to come in and get acquainted. We care not whether you buy, but there are so many folks who have been dealing with us through the mails that I'd like to have you come in and get acquainted in person.

How Good is Your Eyesight?

Badly smashed up—yet recovering—this motorist's vision was found by the Court to be dangerously below normal. He lost his case because failure to have his eyes examined constituted contributory negligence.

Drivers with faulty vision are largely responsible for the crippling and killing of human beings in the streets we all must use.

Eyes behind the steering wheel must see ALL of the road. Do yours? You CANNOT know until you have them tested.

How to tell *for sure*—what oil your car needs

No. 5 in the series

Perhaps you own a Chevrolet

(Superior or 490)

If you don't own a Chevrolet, cut this out and hand it to a friend who does

Your Chevrolet engine is of valve-in-head construction and designed for high compression pressures of approximately 87 pounds.

The lubricating system is of the splash circulation type. The gear type oil pump is in an exposed position directly in back of the radiator, and is considerably above the level of the oil in the reservoir. There are long lengths of exposed oil piping on both the suction and discharge sides of the pump.

All engine parts except the centre crank-shaft bearing are lubricated by an oil mist caused by the dipping of the connecting rod splashes in the oil troughs provided under each cylinder. Oil is forced under pressure to the centre crank-shaft bearing.

Carbon deposits in this engine, because of the high compression pressures and combustion chamber construction, are particularly objectionable. Correct lubrication is essential to the maintenance of high efficiency. Gargoyle Mobiloil Arctic will leave a minimum of carbon deposits, and is of the correct body and character to provide adequate engine lubrication under all operating conditions.

The use of Gargoyle Mobiloil Arctic both summer and winter will assure correct engine lubrication and lead to the satisfactory performance you have a right to expect of your Chevrolet.

next Friday,
we will tell you about
the Correct Lubrication
of another car. It may
be yours. Watch for it.

Curwensville's Own Column

Mrs. J. L. Ruple and son, Andrew, came over from Bellefonte Sunday to visit M. S. Robert McClure who is ill at her home on Ridge avenue. David McKinley and Robert Humphrey, who were home over Sunday, returned with them to State College.

Miss Roberta McDonald, while playing the piano in the hall of the George Hotel Sunday evening, escaped a narrow and serious accident. A heavy and large lamp was lighted and placed on the piano top to light by means the lamp, was shaken and toppled over, striking Miss McDonald on the temple with sufficient force to stun her, and leaving a large black and blue mark.

Miss Edith Sawtelle entertained the following young ladies at her Flibert street home last evening: Elizabeth Wall, Kate Smith, Alice Murray, Mary L. Davis, Cora Wolf, Julia Powell and "Bobbie" McDonald.

D. F. Wall and family left today for a trip to Washington, D. C. On their return trip their daughter, Elizabeth will be left at Beechwood school, Jen-

kins town, where she has been a student the past couple years.

Mr. and Mrs. Heit, of Altoona, were Curwensville visitors on Sunday. Mrs. Heit was formerly Miss Emily Lantz.

Rev. B. H. Conly preached two eloquent and strong sermons in the Presbyterian church last Sabbath. His subject at 11 a. m. was "Why do we go to Church?" In the evening he discoursed on the subject "Shall We Mix Religion and Politics?" A large crowd was in attendance at both sessions.

Mr. and Mrs. Wilbur Wall were at Tyrone on Sunday, taking Bigler Reed that far on his return journey to Cleveland.

CARD OF THANKS

We take this means of expressing our sincere thanks to the friends and neighbors who so kindly helped and contributed flowers and automobiles during the illness and death of my mother.

No More Peters
There are more churches dedicated to St. Peter than to any other saint. But there has never been a Pope Peter! The custom, according to which Popes change their Christian names on their elevation, was introduced in A. D. 894 by Peter di Porcia. He felt that it would be presumptuous to have himself styled Peter the Second, so he took the name of Sergius the Second. Following in the same line of sentiment, no Pope has ever retained or assumed the name of Peter.

Her Reason.
A woman advertised for a caretaker for her town home, and after interviewing a large number of applicants found one that suited her. "Thank's for giving me the job," said the man, "and might I ask you a question? You stated in the ad that you wanted a married man. Does that mean you have some work in view for my wife?" "Oh, no," replied the woman. "I wanted a married man so as to be sure I got some one used to taking orders from a woman."

Nickel Found in Meteorites.
The great collection of meteorites in a European museum studied and reported upon by an expert, has led to the interesting conclusion that meteoritic iron, as it falls from the sky, and the various steels produced in our modern steel works are the result of essentially similar chemical and physical causes. One of the most striking characteristics noted in meteoritic iron is the presence of a considerable quantity of nickel.

BOYCE BOLTS G. O. P. TICKET TO OPPOSE THE OLD BOARD

At a Meeting Held Last
Night McCracken and
Boyce Were Selected
to Lead Independents.

BATTLE WARMS UP

An independent ticket for County
Commissioner bearing the names of
John Boyce, Republican, and Blake W.
McCracken, Democrat, was named at
a meeting in Clearfield last evening,
attended by some twelve or fifteen
citizens with endorsement by word of
mouth or letter from many other sections.

Those interested in the movement
authorize the following statement of
the action as a matter of news:—

Now that the noise and smoke of
the primary election battle has blown
away and the votes of the people have
been tabulated it is found that despite
the acrimonious broadcast over the
county that the "old board" or present
Board of County Commissioners was
incompetent and worthless, all three
of the members thereof have again
been nominated and are presented to
the people on the Republican and
Democratic tickets as the candidates
for this important office this year.

An examination into the election
returns shows that Jesse E. Dale
leads the list of Republican nominees
with 2692 votes, while T. E. Weimer is
second with 2353 and John Boyce
third with 1942 votes. Of these totals
at least 50 per cent or possibly a little
more than that were received by
Messrs. Dale and Weimer were
given them in the city of DuBois alone
and that outside of the DuBois dis-
trict the successful candidates failed
to carry a single other district in the
county or at best not over one or two.
That they are minority nominees in
that neither Dale nor Weimer received
but 1 of every 4 Republican votes
and their nomination was the result
of the vote of the city of DuBois
over the vote of the remainder of the
county of Clearfield and only came
about because of the division of
the opposition to their conduct
of the Commissioners' office with
ten candidates in the field.

What is true of the Republican
nominees can also well be said of M.
L. Farrell, the minority member of
the present board, who, although he
ran second in a field of seven candi-
dates and 102 votes ahead of Bow-
man, his nearest competitor, is also
very much of a minority nominee and
received but about one out of every
four Democratic votes.

There has been a great deal of dis-
satisfaction expressed since
the primary result was known and
this protest resulted in a meeting
called for last evening which was
attended by the following citizens:—

John Boyce, William McKee, William
Thompson, William T. D. House,
Samuel R. Hamilton, Joseph E. Phil-
ips, John H. Patchin, J. Fred Hous-
ings, Charles B. Shugarts, Alfred
Tury, John Swartzale, and J. D. Con-
nelly, of Clearfield; John G. Mains, A.
P. Lansberry and Thomas Arvin, of
Franklin township. At this meeting
the situation was discussed at length
and it was the consensus of opinion
that the voters of the county should
have an opportunity to "clean house"
the Commissioners' office by the
naming of an independent ticket for
the office of County Commissioners.

After considerable discussion it was
decided that inasmuch as John Boyce,
of Clearfield, had been third high man
in the Republican ticket at the pri-
mary, he should be chosen to represent
the Republicans opposed to the
old board, while Blake W. McCracken,
high man on the Democratic tick-

SCHOOL CHILDREN

Tomorrow is your day at the
Fair but in order to be admitted
free you must go with your
schoolmates, under the charge
of your teacher. Tell dad and
mother you must go to school
tomorrow and march over with
the rest of the kids. Every pre-
caution will be taken to insure
the safety of the marchers. Be
sure to go with your room or
you will have to pay admission.

CLOTHING WANTED

The Salvation Army of Clear-
field will collect clothing for
Japanese relief. Anyone having
clothes of any kind that can be
discarded will do well to phone
Captain L. E. Watson on the
Bell or drop a postcard to P. O.
Box 404 and it will be called for.
Clothes of any kind will be ap-
preciated.

FAIR EXHIBITS ARE PROGRESS MARKERS IN COUNTY FARMING

The Clearfield County Fair for the
season of 1923 opened its gates today
and will continue all day and evening
every day until Friday evening.

A banner first day crowd was pres-
ent and all were pleased with the en-
tertainment provided. The exhibits
are away beyond that of last year and
demonstrate better than words can
tell the vast progress made in Clear-
field county agriculture and stock
raising the past few years.

The traffic and police arrangements
at the Park are fine and a visit to the
fair will well repay anyone.

Tomorrow is public school day and
all the public school children of the
county who present themselves will
be admitted free.

Local public and parochial school
children expecting to attend the fair
tomorrow are requested and expected
to go to their respective school houses
where they will be lined up and
marched by their teachers to Weaver
street and thence into the Park.

State's Evidence In Ward Case Is All In; Motion For New Trial Refused

White Plains, N. Y., Sept. 25.—The
state rested its case against Walter
Ward, millionaire baker's son, charged
with the murder of Clarence Peters,
an obscure marine, eight minutes
after court convened today.

The presiding judge announced that
he was prepared to hear argument on
a new motion by Ward's attorneys for
dismissal of the first degree murder
indictment.

White Plains, N. Y., Sept. 25.—Motion
for the dismissal of the first de-
gree murder charge against Walter S.
Ward, alleged to have slain Clarence
Peters, was denied today by Justice
Robert F. Wagner.

The motion was made when the
state rested its case shortly after
court convened today.

et, was the expressed choice of the
Democrats opposed to the "old board"
and had rightfully earned a place on
the independent ticket, the purpose
of which is to give the people of the
county the opportunity to express at
the election the dissatisfaction with
the conduct of the county's business
they so clearly showed at the polls on
primary day.

A resolution was then offered and
unanimously adopted declaring
Messrs. Boyce and McCracken the in-
dependent candidates for County
Commissioner and a committee was
named to prepare and circulate peti-
tions to have their names placed
upon the ballot for the November
election.

It was also decided to call a county-
wide meeting for Clearfield to be held
Tuesday, October 2d, for the purpose
of completing an organization of
those favoring independent action to-
ward remedying present conditions in
the Commissioners' office. At this
meeting a chairman, secretary and
executive committee will be named to
conduct the campaign for the election
of Messrs. Boyce and McCracken.

Every voter in Clearfield county
who feels that the "old board" of
County Commissioners should give
way to proved successful business
men, in order that county affairs
should be placed on a business basis
for the coming four years is invited
and urged to attend the meeting to
be held in Clearfield on Tuesday next
by those whose names appear here as
the sponsors of the independent tick-

Oklahoma's Legislature Under Guard

Guards with fixed bayonets stand at the doors of Oklahoma's senate chamber at the State Capitol, Oklahoma City, to prevent a meeting of the legislature which threatens Governor Wilton with impeachment.

Civil War May Come Tomorrow In Oklahoma. Governor Gives Orders To Men To Shoot To Kill

Gov. Walton Establishes
Newspaper to Acquaint
Citizens with Evidence
Secured Against Klan.

SITUATION TENSE

Oklahoma City, Okla., Sept. 25.—
Members of the Oklahoma Legisla-
ture, leading the movement to start
impeachment proceedings against
Governor J. C. Walton, held stand-
fast today to their determination to
meet Wednesday noon despite the ex-
ecutive's orders to troops to "shoot to
kill" if necessary to prevent the ses-
sion.

The governor issued instructions to
Adjutant General B. H. Markham
stop the Legislature from meeting "at
any time and any place in Oklahoma,"
and use all the military force needed
to carry out the order.

At the same time Governor Walton
commanded all citizen soldiers in the
state between the ages of 21 and 45 to
hold themselves in readiness for ser-
vice in the open warfare between the
visible government and the "invisible
empire."

"At least 70 members of the legisla-
ture will be here tomorrow and we
will make every effort to meet peace-
ably," said W. B. McBee, chief agitator
for impeachment of the governor.

Oklahoma City, Okla., Sept. 25.—
"The Record," official organ estab-
lished by Governor J. C. Walton to pub-
lish news of his fight with the Ku
Klux Klan, appeared here today. Ald-
rich Blake, executive counselor to the
governor, is editor.

The first edition, a four-page, sev-
en-column folder, will be scattered
broadcast throughout the state. It
carries extracts from testimony ob-
tained by the military investigating
commission.

John E. Mulrooney, N. Y. C. train-
master, is in Buffalo this week on
business.

Miss Marjorie Mulrooney, who has
been visiting relatives in Lockport,
N. Y., for the past six months will re-
turn home Thursday.

Mrs. John R. Gearhart and daughter
have returned from a two week's
stay at Clifton Springs, New York.
The many friends of R. R. Canfield
will be sorry to hear he is confined to
his home by illness.

Her Resemblance to A Millionaire

Inspired Nurse Copley with
the idea of Stope Ranger's ab-
duction. It promised fortune,
for Loring Ranger, Stope's
father, had vast wealth and it
was certain he would pay any-
thing to save his beautiful
daughter. Nurse Copley
broached her scheme to the
"Combine"—super-criminals,
of untold underworld power
and resource. The "Combine"
adopted it readily. It succeed-
ed with ridiculous ease, for the
"Combine's" members were
adepts at such work. Then
came jealousy. Nurse Copley
was not proof against it. It
upsets many a plan, even as
cleverly laid as the "Com-
bine's."

"SWALLOWED UP" by Mrs. Wilson Woodrow

tells the story. Mrs. Wood-
row? Writer for such maga-
zines as Harper's, Munsey's,
McClure's, Ainslie's, The Cos-
mopolitan, The Metropolitan,
The American, The Smart Set—
all the best of them. Few
fiction authors of today enjoy
such widespread, well-deserved
popularity.

"SWALLOWED UP"
STARTS SERIALLY IN
THIS PAPER
SEPTEMBER 27

ATTEND THE PUBLIC MEETING ON A NEW LIBRARY THIS EVE.

The matter of a public library
for Clearfield will be discussed at a
meeting of everybody interested in
the project at a meeting to be held
at the Arbitration Room of the Court
House this evening at 7:30 o'clock.
The committee in charge of the li-
brary proposition is made up of re-
presentatives of the Woman's Club,
Rotary and Commercial Clubs and
other civic and fraternal organiza-
tions.

The idea is, if present plans work
out, to submit the matter of a local
tax for public library purposes to
the voters at the coming November
election and the necessary steps in
that direction will be taken at the
meeting tonight.

If you are interested in a public
library for Clearfield attend tonight's
meeting.

SUGAR PRICES ARE AGAIN ON THE RISE; NEW HIGH ON CUBAN

New York, Sept. 25.—Sugar prices
are rising again. Cuban raw sugar
was bought today at 5 1/2c, a new high
on the current upward movement. The
undertone on the market is strong
with several other lots under negotia-
tions. Today's quotations bring the
price back to within one cent of the
1923 peak.

Arbuckle Bros. advanced the price
of sugar 15 points to 8.90 cents a
pound. E. Atkins & Company quoted
refined sugar firm at 9.15.

DUBOIS MAN PAROLED

Arthur Ross, of DuBois, doing time
on a liquor law violation charge, was
paroled until the first Monday of
December by Judge Bell on Monday
last on account of the illness of his
wife.

BRITISH MINE FLOODED

London, Sept. 25.—The Redding
coal mine was flooded suddenly at
5:00 a. m. today and it is feared at
least 70 men have been drowned or
suffocated, a dispatch from Falkirk
stated.

BUSINESS MEN MEET HERE TODAY TO GIVE BOOST TO NEW PROPOSED N. Y. C. TRUNK LINE VIA CLEARFIELD ROUTE

Every Community Situated Between Oil City and
Williamsport Is Represented at Meet by Large
Delegations; The Meeting Began Promptly at
2:30 With Powell Presiding.

WILL ENDORSE THE N. Y. C. PROPOSAL

IMPORTANT

In order that the humble
newspaper man might take in
the big day at the Fair on
Thursday, the edition of The
Progress for that day will be
published Wednesday night and
issued Thursday morning early.

Ad copy and news items for
Thursday's issue must be in our
hands by six o'clock Wednesday
evening.

That the business men of this
section of Pennsylvania are unitedly
behind the New York Cen-
tral Railroad Company in its move to
show to the Interstate Commerce
Commission that a "trunk line"
across the country between New
York and Chicago by the "Clearfield
route" is no idle dream but a busi-
ness and development proposition in
keeping with the needs of the hour in
the transportation and industrial
world and would be a wonderful ad-
vantage to the section of Pennsylv-
ania traversed by the proposed line,
was evidenced today by the large
number of hard-headed business men,
familiar with this region and the ne-
cessities, who came to Clearfield to
participate in the meeting at the
Dimmeling Hotel. This meeting, an
aftermath of the recent Williamsport
meeting, was called for the purpose
of getting an expression from the
people of the region traversed by the
proposed trunk line, which expression
when recorded at this meeting will be
presented to the I. C. C. in support of
the New York Central's efforts to
have rescinded the tentative order
already made by that body allowing to
the B. & O. railroad the right to
Reading and Central Railroad
New Jersey, upon which route the N.
Y. C. has long had trading rights
and hopes to continue as a necessary
and constituent part of the proposed
"fifth trunk line."

Events March To Peace In Europe; Germany Is Surrendering Everything

Berlin, Sept. 25.—The German pre-
mier in his conference with Chancellor
Stresemann today fully approved de-
cision of the government to abandon
passive resistance in the Ruhr with-
out condition.

Approval by the premier followed
that of the Rhine and Ruhr Organi-
zation, given at their conference with
the chancellor yesterday.

It was interpreted as the final step
before Stresemann's public announce-
ment, which will be Germany's ac-
knowledgment to the world that she
has lost the "war after the war," and
virtually throws herself on the mercy
of the allies.

According to the latest information,
it has not yet been decided definitely
in what form the Chancellor's public
announcement will be made, but infor-
mation obtained by the United Press
indicated it probably will be a brief
document stating the decision to
abandon resistance without conditions
and expressing hope that the allies
will concede leniency.

BOY KNOCKED DOWN BY AUTOMOBILE

Meyer Pollack, the five year old
son of Mr. and Mrs. L. W. Pollack
of Market street, had a narrow es-
cape from serious injury last evening
when he was struck and knocked
down by an automobile driven by
John Baker of Woodland.

The accident occurred on Third
street near Locust. Mr. Baker was
driving down Third street about 8:30
o'clock and as he approached Third
street a string of four cars, close
together, was coming up the street.
He was well over toward the right
hand curb and as the first car near-
ed him the Pollack lad and another
little boy ran off the side walk di-
rectly in front of Mr. Baker's car and
so close that it was simply impos-
sible to avoid striking him.

The boy was knocked down and
the car ran onto him. Mr. Baker,
who is a very careful driver, stopped
his car almost at the instant it struck
the boy and the little fellow surpris-
ed the onlookers by crawling out
from under the machine unhurt.

Mr. Baker was in town this morn-
ing and called at the Pollack home to
see about the boy and was overjoyed
to find him none the worse for his ex-
perience although he had a narrow
escape.

IT CAN BE DONE

Ten of Clearfield's young people
gathered together last evening to
prove that classes can mix. They
were from St. Francis, and repre-
sent Freshman, Sophomore, and Jun-
ior classes. The manner of proof was
a house to house party, which proved
a great success. The party began on
the West Side, thence to Ogden ave-
nue and ended with a grand flourish
in the center of town. Each course
was served steaming hot and was
quickly disposed of.

Having classes on the morrow they
parted at eleven. St. Francis isn't
so slow either.

LOCAL GOLFER GAVE TOPNOTCHERS A RUN

George Griffin, the professional golf
coach at the Clearfield-Cornwall
Country Club, was one of the entrants
in the Professional Golfers' Associa-
tion championship at Pelham Manor,
N. Y., this week. In the draw for op-
ponents Griffin drew Walter Hagen,
one of the top-notchers at the game.
The Philadelphia Public Ledger car-
ries the following story of the battle
between Hagen and Griffin:—

"Walter Hagen found it stiffer in
George Griffin, of Clearfield, Pa., but
managed by some of his superior golf
stymies on the first 18, but Griffin
held on even terms. On the twelfth
hole in the afternoon round occurred
one of golf's queerest shots. Hagen's
approach rolled very close to the hole.
Griffin was on the edge of the green
on his second and his long putt
bumped Hagen's ball smack into the
cup, giving the New Yorker a birds
3 and the hole.

A Weird One.
Griffin made another queer shot on
the eighteenth in getting around a
stymie. Hagen's ball is only a short
kick from the cup and was a perfect
stymie. Griffin, eight feet away, putt
and his ball, as if mesmerized, rolled
to within an inch of Hagen's, jerked
around it and sank for a half."

FELL FROM TREE

Ward Bloom, a 10 year old Fausse
lad, fell from a tree, a distance of
25 feet, while playing about the
school grounds and received serious
injuries and was brought to the Clear-
field Hospital for treatment yester-
day by Dr. Erhard, of Cornwallville.

ODDS AND ENDS AND THINGS

By J. D. C.

The fall forest fire season is already near at hand, thanks to the long continued drouth and it is up to every person who goes into the woods on any pretext to use extreme caution in the use of fire in or near woods land. The twelve thousand hunters who annually go into the game covers of the county on hunting expeditions should constitute themselves into as many fire wardens or forest fire fighters. They are or should be as much interested in keeping fire out of the forests as the owners of the land themselves, because "when a forest burns everybody loses."

The dissatisfaction over the County Commissioner nominations has resulted in the forming of an independent ticket for that office, friends of the movement alleging, and pointing to the figures to prove it, that but one out of four voters coming out to the polls last Tuesday voted to retain the "old board."

The Judgeship battle in Clearfield county this fall bids fair to be as hot as its predecessors. J. Frank Snyder, the Democratic candidate, also

won the Prohibition and Socialist nominations. His Republican opponent A. R. Chase, Esq., has a majority, according to registration figures of 7,000 votes, and the scrap will be well worth watching. She's on now. Giddap.

There are more bootleggers in Clearfield and vicinity today than at any previous time since the prohibitory law became effective. Old John sure is a "die hard."

CAPT. KENNETH FARNIE LEADS CLEARFIELD HIGH SCHOOL GRID WARRIORS FOR 1923

Barnie's wealth of fighting ability on the 1922 team gained the respect of his teammates, and he was therefore the unanimous choice for captaincy. Clearfield High's football machine under Coach Reed has by its systematic practice periods developed into a well balanced and well trained squad. With the two more remaining practice sessions, the kinks will be properly straitened and the picked eleven will start the first game Saturday in the finest form. The varsity has been hard at work on the dummy and bucking machine. Many new plays are also being added daily to the present list. Several of the more promising second team men have been moved up to the varsity to be under Coach Reed's watchful eye. Coach Steele has the second and third teams striking a hard pace to gain available material to oppose the varsity in scrimmage. The season ticket campaign is coming fine and a nice sum should be realized through the sale of season tickets.

KEPHART-RABINE

At the Presbyterian Manse Tuesday morning a very pretty wedding was solemnized by Dr. Reeve, pastor of the Presbyterian church. Mr. Louis Kephart of Madera, and Miss Ida Rabine were made husband and wife. They were attended by Mr. and Mrs. Daughn E. Clarke, of Clearfield. Mr. Kephart is a carpenter and is contemplating moving to Clearfield to take up his work here, and make Clearfield their future home. We wish them every happiness and hope they may cast their lot with us in Clearfield.

WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

Clear Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet and my husband did my housework. The doctor said an operation might be necessary. I read testimonials about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, and my washing and my sewing, which I think is remarkable, as I had not dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious."—Mrs. GEORGE W. BUNCHILL, Clear Falls, N. Y.

Free upon Request
Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

Don't Fail To Visit Our Most Wonderful Exhibit at the Fair

We will have many electrical appliances at our Booth, just inside the west door of Expo Hall, and here we will display the most modern electrical household appliances that the Modern Wizard of the Switch has produced.

Miss Frusch Will Demonstrate Westinghouse Electric Range

You have probably met Miss Frusch at our former demonstrations of this wonderful WESTINGHOUSE ELECTRIC RANGE. She will be here all four days to show you the easy way in which this Electric Range will do the cooking while you are relieved of the hundreds of hours over the ordinary stove. She will gladly tell present owners of Electric Ranges the new things which have been found out about this Range.

The Royal Electric Sweeper Man with his Sweeper will be Present

You remember him! The fellow with the Golden Crown that has been here for several Fairs. He will show you how the ROYAL will keep your rugs and carpets as clean as the day they came from the maker's looms. He will thoroughly demonstrate that the ROYAL is the greatest Suction Sweeper on the market today.

TO THE HIGHEST BIDDER—AT HIS OWN PRICE!

What are we offered? As an advertising proposition we will sell one only Estate Heatrola to the highest bidder, at the price offered by him. The bid must be in on Friday, September 28th at four o'clock, at our booth at the Fair.
If the bid is more than the retail price of the Heatrola, only the retail price will be charged.
If two or more persons submit the same bid a drawing will be held for the privilege of purchasing an Estate Heatrola at this price.

Estate HEATROLA

The Estate Heatrola is an efficient warm air heating system for small homes.

It is as easy to install as an ordinary stove. It looks like a handsome, grained mahogany, cabinet phonograph.

WEATHER SUPERSTITIONS

If you were brought up in the country you must have heard that when the moon was full the weather was sure to be cold, and that it was quite providential that this was so, since travelers in the night in the severest of winter weather would have the advantage of the extra light. But the weather wisecracks have been telling us for years there was nothing in this any more than in the theory that the winters were growing warmer.

Nevertheless, whenever it happens to be cold at the full moon people think of this old saying. But did you think of it the other night with the moon full and clear, and the weather nearly as sultry as summer?

Then there is the line storm. From time immemorial people have associated any storm that came within five days on either side of September 21st as due to the passing of the sun across the equator on its southward journey; but we have had this year no storm of any kind. The weather charts have always told us that the line storm was a myth. This year suggests that they may be right.

FAKE TRUTHS ARE JUST WHOLE LIES

Soap Box Orators Do Not Go Far Enough with Statements and Leave Very Many False Impressions.

A soap boxer pointed at a great factory. "Who built that factory? Workmen," he yelled. "Who run the machines? Workmen! Who get the profits? Capitalists!"

The soap-boxer told a half truth that amounted to a whole lie. His listeners did not know that that particular factory, typical of thousands of others, was a complete refutation of the lie—if only the other half of the truth were told.

It is true the factory was capitalized—for a million dollars. The net profits gave annual dividends of 6 per cent, or \$60,000, to the stockholders. All that was true.

But it was also true that the million-dollar capital was divided up into 10,000 shares of \$100 each. The ownership of these shares was distributed among about 1,000 people. Several hundred of them were workmen in the factory. They were saving out of their weekly wages and buying shares on the installment plan. They were capitalists.

plan. They were capitalists.

It was likewise true that shares were also owned by workmen in other factories, by clerical workers and by small merchants. A good many were also owned by widows and orphans whose modest estates had been wisely invested for them by their bankers. They were capitalists.

It was also true that the factory corporation had issued a million dollars in bonds to raise funds to buy the material and pay the wages of workmen to build the factory. These bonds were owned as investments not only by persons of wealth, but also by many people of moderate means who had saved out of their wages and salaries. They were capitalists.

And it was also true that out of receipts of the factory, before a cent was taken to pay interest on the bonds, before a penny was used to pay dividends on the stock, a good many dollars were taken to pay wages to the workmen. The workmen were capitalists, too. They were investing their strength and their talents and their skill in the factory—they were getting their dividends out of the earnings as well as the stockholders and bondholders.

Progress Editorial For Women

COURTESY AND HAPPINESS

By FLORENCE DAVIES

"Courtesy will prevent accidents," says a sign conspicuously displayed on the side of all the motor busses in a big city which has a serious traffic problem to solve.

At first glance one is inclined to think that the author of the slogan has been too optimistic; that he has exaggerated his point a bit too much. But think it over a little while and you begin to see that there's more to it than you believed at first.

"Courtesy will prevent accidents." It's quite a dogmatic statement; this author is positive in his assertion. So maybe it's worth trying.

Courtesy, according to the dictionary, is: "a favor or indulgence as distinguished from right; politeness, civility, urbanity; an act of civility or respect; an act of kindness or favor performed with politeness."

Doesn't it mean "giving the other fellow just a little the best of it?"

Well then courtesy WILL prevent accidents. If every motorist and every pedestrian will give the other fellow a shade of favor, if we yield just a trifle to the other instead of always standing on our rights, there would be fewer accidents, as accidents go in daily traffic in big cities. And that has an application in our daily home life. Where for instance, do the big traffic problems come?

Not in the country with its wide spaces and clear roads, but in the city, where people are huddled together, where there isn't much room and everybody is bound to get in the other fellow's way all day long.

Now isn't that a good description of average family and home life, of our usual married life? And here, truly, is where "courtesy prevents accidents." A character in "Nobody Knows" a novel by Douglas Goldring.

hits the nail on the head. He says:

"I just hate this new-fangled nonsense about married life being hell, and women being slaves, and all that. Of course, it's hell; and I'll tell you why. It's hell because of three things, which are common to both sexes—selfishness, ill temper and bad manners."

Bad manners. There's the nub of the problem. What's the good of

if you can't be courteous as well as law-abiding? And what's the value of all these new fangled commandments for husbands and commandments for wives, of which we read so much in the daily papers nowadays, if a little common courtesy, a little favor, "a little indulgence, as distinguished from right," isn't made a part of your daily routine?

Yes, courtesy will prevent accidents, on the road, and courtesy will prevent friction and hence unhappiness, in the home.

The Embargo Act

The embargo act was an act passed by the United States congress December 22, 1917, during Jefferson's second administration, dealing with few exceptions, all vessels—United States and foreign—then in United States ports, and on leaving all United States vessels home. Although the embargo was declared on account of the insults offered to the United States flag by British cruisers it was repealed in March, 1919, and was replaced by the Espionage Act. It was repealed in March, 1919, and was replaced by the Espionage Act. It was repealed in March, 1919, and was replaced by the Espionage Act.

Brooklyn Bridge

Brooklyn bridge was begun January 1, 1876, and it took thirteen years and \$10,000,000 to build it. John A. Roebling designed it and though he died before its completion, through it his name as a bridge builder survives. The repairs and painting, and other expense of upkeep during its forty years on the job aggregate much more than the original cost. It is as sound today as it was forty years ago.

Bribing the Dentist

Robert had a baby tooth to extract and he walked bravely up to the chair to have it done, but just before I got my instrument he said, gravely: "I want to ask you something first. I brought my best marble shooter to give you if you don't make it hurt." You may be sure he got a careful extraction.

Trick With Letters

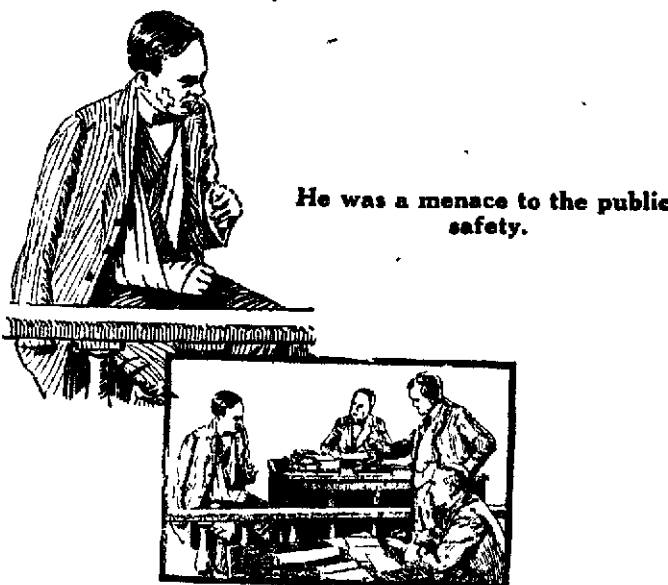

Here is a little catch spelling from the Post Office. Ask your friend if he can spell "c-o-n-f-u-s-i-o-n" with only seven letters. The answer is "Confusion," which is only eight letters, isn't it?

WELCOME FAIR VISITORS

You'll find a welcome here. We want you to take a few minutes to come in and get acquainted. We care not whether you buy, but there are so many folks who have been dealing with us through the mails that I'd like to have you come in and get acquainted in person.

How Good is Your Eyesight?

Badly smashed up—yet recovering—this motorist's vision was found by the Court to be dangerously below normal. He lost his case because failure to have his eyes examined constituted contributory negligence.

Drivers with faulty vision are largely responsible for the crippling and killing of human beings in the streets we all must use.

Eyes behind the steering wheel must see ALL of the road. Do yours? You CANNOT know until you have them tested.

SEND IN YOUR RED ENVELOPE NOW

How to tell *for sure*—what oil your car needs

No. 5 in the series

Perhaps you own a Chevrolet

(Superior or 490)

If you don't own a Chevrolet, cut this out and hand it to a friend who does

Your Chevrolet engine is of valve-in-head construction and designed for high compression pressures of approximately 87 pounds.

The lubricating system is of the splash circulation type. The gear type oil pump is in an exposed position directly in back of the radiator, and is considerably above the level of the oil in the reservoir. There are long lengths of exposed oil piping on both the suction and discharge sides of the pump.

All engine parts except the centre crank-shaft bearing are lubricated by an oil mist caused by the dipping of the connecting rod splashes in the oil troughs provided under each cylinder. Oil is forced under pressure to the centre crank-shaft bearing.

Carbon deposits in this engine, because of the high compression pressures and combustion chamber construction, are particularly objectionable. Correct lubrication is essential to the maintenance of high efficiency. Gargoyle Mobiloil Arctic will leave a minimum of carbon deposits, and is of the correct body and character to provide adequate engine lubrication under all operating conditions.

The use of Gargoyle Mobiloil Arctic both summer and winter will assure correct engine lubrication and lead to the satisfactory performance you have a right to expect of your Chevrolet.

next Friday,
we will tell you about
the Correct Lubrication
of another car. It may
be yours. Watch for it.

Curwensville's Own Column

Mrs. J. L. Ruple and son, Andrew, came over from Bellefonte Sunday to visit Mrs. Robert McClure who is ill at her home on Ridge avenue. David McKinley and Robert Humphrey, who were home over Sunday, returned with them to State College.

Miss Roberta McDonald, while playing the piano in the hall of the George Hotel Sunday evening, escaped a narrow and serious accident. A heavy and large lamp was lighted and placed on the piano top to light by the means the lamp was shaken and toppled over, striking Miss McDonald on the temple with sufficient force to stun her, and leaving a large black and blue mark.

Miss Edith Sawtelle entertained the following young ladies at her Flibert street home last evening: Elizabeth Wall, Kate Smith, Alice Murray, Mary L. Davis, Cora Wolf, Julia Powell and "Bobbie" McDonald.

D. F. Wall and family left today for a trip to Washington, D. C. On their return trip their daughter, Elizabeth will be left at Beechwood school, Jen-

kins town, where she has been a student the past couple years.

Mr. and Mrs. Heit, of Altoona, were Curwensville visitors on Sunday. Mrs. Heit was formerly Miss Emily Lantz.

Rev. B. H. Conly preached two eloquent and strong sermons in the Presbyterian church last Sabbath. His subject at 11 a. m. was "Why do we go to Church?" In the evening he discoursed on the subject "Shall We Mix Religion and Politics?" A large crowd was in attendance at both sessions.

Mr. and Mrs. Wilbur Wall were at Tyrone on Sunday, taking Bigler Reed that far on his return journey to Cleveland.

CARD OF THANKS

We take this means of expressing our sincere thanks to the friends and neighbors who so kindly helped and contributed flowers and automobiles during the illness and death of my mother.

No More Peters
There are more churches dedicated to St. Peter than to any other saint. But there has never been a Pope Peter! The custom, according to which Popes change their Christian names on their elevation, was introduced in A. D. 894 by Peter di Porcia. He felt that it would be presumptuous to have himself styled Peter the Second, so he took the name of Sergius the Second. Following in the same line of sentiment, no Pope has ever retained or assumed the name of Peter.

Her Reason.
A woman advertised for a caretaker for her town home, and after interviewing a large number of applicants found one that suited her. "Thank's for giving me the job," said the man, "and might I ask you a question? You stated in the ad that you wanted a married man. Does that mean you have some work in view for my wife?" "Oh, no," replied the woman. "I wanted a married man so as to be sure I got some one used to taking orders from a woman."

Nickel Found in Meteorites.
The great collection of meteorites in a European museum studied and reported upon by an expert, has led to the interesting conclusion that meteoritic iron as it falls from the sky, and the various steels produced in our modern steel works are the result of essentially similar chemical and physical causes. One of the most striking characteristics noted in meteoritic iron is the presence of a considerable quantity of nickel.

A. Leonardson Company

NIAGARA FALLS
EXCURSIONS.
THURSDAYS

Oct. 11. Eastern Standard Time.

Round **\$14.10** Trip FROM CLEARFIELD

Tickets good in parlor or sleeping car. In payment of usual charges for space or used, including baggage.

The ideal route to Niagara Falls, giving a daylight ride through beautiful Susquehanna Valley.

Proportionate fares from other points. Tickets good for 16 days.

Pennsylvania System
The Route of the Broadway Limited

Gallery Might Do.

A youngster with plenty of sang froid, but little money, was inviting his best girl to go to see the stock company at a local theater. "Well, I'll get the tickets this afternoon," he said. "How's your hearing and eyesight?"

Make Your Trip To The Fair Do Double Duty

You're coming to the Fair. Why not bring in that list of things that you need in the family medicine chest and let us prepare it while you are at the Fair and then it will be but the work of a minute to drop in and get it on your way home.

Aughinbaugh's DRUG STORE

EAT HERE While You Entertain Fair Friends

It will be much easier to eat here while you entertain Fair visitors than fussing around your own kitchen. You'll find that your guests will enjoy the home cooking much better than the ordinary restaurant.

Harlequin Tea Room

"STOCK EXHIBITORS—COUNTY FAIR"

To those who want better feeds, call us on either phone, and we will arrange to deliver to you promptly, Old Reclaimed White Oats in 80 pound bags, LARRO DAIRY FEED, CONKEY'S LAYING MASH and Scratch Grains, or any other FIRST QUALITY FEED you may want.
